

Stylish heating

Enjoy being outside year-round with energy-efficient outdoor heating options

Although the temperature may be falling, new types of heaters are enabling families to enjoy outdoor entertaining all year round. Heatstrip Classic is a stylish electric radiant heater that provides an even and comfortable heat. With a distinctive slim profile and black face, the Heatstrip Classic blends elegantly into any decor. It is one of the most energy-efficient heaters available in Australia, with running costs starting from just 30 cents per hour.

Anywhere around the home is an ideal location for Heatstrip, including houses and apartments with undercover outdoor living and alfresco dining areas such as barbecue zones, patios, verandahs, courtyards and balconies. They can even be installed under an umbrella.

Following its popularity in coastal areas, Heatstrip Classic now has superior corrosion protection by way of its unique alloy casing, making it ideal for all locations. Heatstrip has

no internal moving parts, ensuring silent and maintenance-free operation. An optional timer provides reassurance of automatic switch-off and temperature control.

Thermofilm Australia has turned up the heat another notch with the introduction of Heatstrip Max. This is a new heater in the Heatstrip range that is suitable for difficult-to-heat exposed outdoor sites and areas with high ceilings, such as pergolas and balconies and even indoor spaces such as garages. A unique feature of the high-temperature infra-red heater is Heatstrip Max's low-glow incoloy element.

The dual-element Heatstrip Max can be installed on ceilings up to 3.5m high. Built to commercial-grade quality, it comes with ceiling, wall, chain/wire and pole suspension mounting options and Model THX2400 is supplied with a lead and plug for easy DIY installation.

All Heatstrip outdoor heaters are fully designed, engineered and assembled in Australia for Australian conditions. Recommended retail prices start from \$529 for the Heatstrip Classic and \$799 for the Heatstrip Max 2400. Also, all Heatstrip heaters come with a two-year full-replacement warranty for residential applications.

In addition to trade outlets, Heatstrip heaters are available nationally at Masters Home Improvement and Bunnings, as well as specialty outdoor living, electrical and heating stores. A full list of stores is available on the website. ■
