

HEATSTRIP® HOT NEWS

Heatstrip® outdoor heaters – As seen on “Australia’s Best Houses”

The Australian designed and engineered range of Heatstrip Classic outdoor heaters was featured in the recent episode of “Australia’s Best Houses” on Channel 7Two (episode 1, Season 3). The Heatstrip provides stylish outdoor heating for an alfresco area, in a custom built home by GJ Gardner Homes at Buronga, NSW (near Mildura), overlooking the Murray River.

Australia’s Best Houses is a television series on Channel 7Two that showcases some of the most exciting and visually stunning house projects from around Australia, hosted by architectural commentator, Gary Takle.

Product specification: Heatstrip Classic Model THH3200A (THH3200A) was installed with 300mm SS suspension rods (THHAC-005) directly above an outdoor table.
